**MEMORANDUM**

**TO:** Carie Anne Ergo, Village Administrator  
**FROM:** Michel Subers, Public Works Director  
**DATE:** February 16, 2023  
**SUBJECT** Accepting the Low Bid from Core and Main for the Water Meter and AMR/AMI Program

**RECOMMENDED MOTION:** Move to approve a resolution Accepting the Low Bid from Core and Main for the Water Meter and AMR/AMI Program

**INTRODUCTION**

Public Works held a public bid opening on February 6<sup>th</sup>, 2023, for the Water Meter and AMR/AMI program. One bid was received from Core and Main with a total bid amount of \$1,447,731 for the installation of Sensus water meters and automated metering infrastructure (AMI).

**DISCUSSION**

The project scope included replacement of approximately 2,718 primarily residential water meters that have reached the end of their life. The residential population of water meters were last replaced between 2002 and 2006 and have a 20-year life expectancy. There has been an increase of failing water meters due to age with staff replaced 10 during the first half of February 2023. Core and Main will also install automated metering infrastructure and provide system software applications and training. During the project, Core and Main will be responsible for coordinating the installation with approved Village notifications to the residents.

Staff will continue to replace our commercial meters population (1.5” and larger) and complete the project this year as well. When staff completes the installation of large meters in fiscal year 2024, the Village will have saved an estimated \$160,000 by having staff perform the large meter installations.

When the AMI system goes live, meter reads will automatically occur and be stored on host servers to be downloaded for billing and will ensure accurate billing cycles. The Village will also have the capability to be notified of potential leaks in customers’ homes prior to a resident receiving a high-water bill. The system also has the capability to perform real time leak detection with the deployment of data loggers and may be used offset costs for our annual leak detection program.

## **FISCAL IMPACT**

The Village currently has \$1,500,000 budgeted in the water capital budget line 55-51-73003. The additional budgeted allocation of approximately \$50,000 above the contract price is for unforeseen plumbing issues in the field such as removal and reinstallation of hot water heaters etc. outlined in Part B of the bid tabulation. There will also be fees from Tyler for the creation of data transfer files during water meter installation and the automated water meter reading which will be incurred by the Village and are included in the budgeted amount.

## **STAFF RECOMMENDATION**

Staff recommends the item be forwarded to the Committee of the Whole on February 21<sup>st</sup>, 2023, for consideration and approval.

**RESOLUTION NO. 1422-23**

**A RESOLUTION ACCEPTING THE LOW BID FROM CORE AND MAIN FOR THE WATER METER AND AMR/AMI PROGRAM**

WHEREAS, the Village of Itasca (“Village”) advertised for bids for the water meter and AMR/AMI program; and

WHEREAS, the Village wishes to accept the lowest qualified bid from Core and Main for \$1,447,731.

NOW, THEREFORE, BE IT RESOLVED by the President and the Board of Trustees of the Village of Itasca, DuPage County, Illinois, as follows:

SECTION ONE: The corporate authorities of the Village of Itasca hereby accept the bid from Core and Main at the amount of \$1,447,731.00 for the water meter and AMR/AMI program.

SECTION TWO: The Village President, or his designee, is hereby authorized to execute any necessary documents to accept the bid from Core and Main.

SECTION THREE: SEVERABILITY. If any section, paragraph or provision of this Resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this Resolution.

SECTION FOUR: REPEAL OF PRIOR RESOLUTIONS. All prior Resolutions and Ordinances in conflict or inconsistent herewith are hereby expressly repealed only to the extent of such conflict or inconsistency.

SECTION FIVE: EFFECTIVE DATE. This Resolution shall be in effect immediately from and after its passage and approval.
