RE: Village of Itasca Electric Aggregation Program
ComEd Service Address: (Customer premise address)

ELECTRIC AGGREGATION NOTICE

Dear Resident or Small Business Owner:

The Village of Itasca is pleased to inform you that we have an electric aggregation program. The Village uses Chicago based MC Squared Energy Services, LLC (mc²), to serve the Village with electric supply. mc² will provide eligible residents and small businesses with an electric supply price equal to the ComEd rate for a 6-month term beginning with the April 2024 ComEd meter read cycle. In addition, this Electric Aggregation Program provides the Village with an annual civic contribution for the Village's initiatives at zero added cost to residents and the Village.

You are not required to do anything to participate in the Electric Aggregation Program. mc² will automatically process your enrollment. You will pay the same rate as the published monthly ComEd rate. There are no enrollment fees or early termination fees. If you are currently participating in a community solar savings program, or will be in the future, this municipal electricity aggregation supply program will not impact your community solar program. The community solar generation credits provided by ComEd are independent of this aggregation program.

Opt-Out Option: You have twenty-one (21) days from the date on this notice to opt out. You may opt out by either:

1. Calling 1-888-423-1398, Monday through Friday, 8 a.m. to 5 p.m.
2. Online by visiting www.mc2energyservices.com/municipal-aggregation/optout
3. Returning the enclosed card by **March 8, 2024**
4. Scanning the QR code located on the enclosed card to opt out via your mobile device

If you do not opt out of the Village's Electric Aggregation Program, you will be deemed to have authorized and agreed to your enrollment in the electric aggregation program, and to have your electricity service with mc² under the enclosed Terms and Conditions and the Uniform Disclosure Statement. For information on the ComEd tariff rate, please visit www.pluginillinois.org, the Illinois Commerce Commission website for free consumer information. You may purchase electric supply from other Retail Electricity Suppliers or ComEd. For a complete list of your options, visit pluginillinois.org. You may also see supply options available on the Illinois Power Agency website at ipa.illinois.gov.

Billing and Service: Your billing and service will remain the same. You will continue to receive a monthly invoice from ComEd. ComEd continues to be responsible for wires, poles, and all emergencies, including outage restoration.

For more information call 1-888-423-1398, Monday through Friday, 8 a.m. to 5 p.m. We encourage you to contact mc² first before contacting the Village with any questions. Please beware: any solicitor who comes to your door or calls, asking you to switch to a supplier is not associated with The Village of Itasca, mc², or ComEd.

Sincerely,

Village of Itasca
