Independent Auditor's Report

The Board of Trustees
Itasca Fire Protection District No. 1
Itasca, Illinois

I have audited the accompanying basic financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Itasca Fire Protection District No. 1, Itasca, Illinois, as of and for the year ended May 31, 2018, which collectively comprise the Itasca Fire Protection District No. 1, Itasca, Illinois' financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Itasca Fire Protection District No. 1, Itasca, Illinois, as of May 31, 2018 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consists of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Itasca Fire Protection District No. 1, Itasca, Illinois' basic financial statements. The accompanying supplementary information listed as individual fund financial schedules and statistical information in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual fund financial schedules are the responsibility of management and were derived from and made directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including preparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the individual fund financial schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, I do not express an opinion or provide any assurance on them.

Itasca Fire Protection District #1 Management's Discussion and Analysis

Introduction

The District's management discussion and analysis (MD&A) provides an overview of the District's financial activities for the year ended May 31, 2018. Please read it as a narrative introduction to the financial statements that follow. This report is designed to assist the reader in focusing on significant financial issues, provide an overview of the District's financial activity, identify changes in the District's financial position, identify any material deviations from the approved budget and identify individual fund issues and concerns.

The MD&A is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in its Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

Financial Highlights

- The District's total net position exceeded its total liabilities at the close of the most recent fiscal year by \$6,478,345. The District's total net position increased \$113,962 over the previous fiscal year.
- Property taxes levied and accrued were \$4,831,676 compared to the prior year of \$4,699,209 for an increase of \$132,467.
- At May 31, 2018, the District's governmental fund financial statements reported combined ending fund balances of \$378,937, a decrease of \$165,440 from the prior year.
- The district's outstanding long-term debt at May 31, 2018 was an installment bank note of \$214,199.

Overview of the Financial Statements

Management's Discussion and Analysis introduces the District's basic financial statements. The Basic Financial Statements include three components: government-wide financial statements, fund financial statements and notes to the financial statements. The District also includes in this report additional information to supplement the basic financial statements.

Government-wide Financial Statements

The government-wide statements are designed to provide readers with a broad overview of the District's finances. The two new government-wide financial statements, Statement of Net position and Statement of Activities represent an overview of the District as a whole, separating its operations between governmental and business-type activities. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The *Statement of Net Position* presents information on all of the District's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating.

The *Statement of Activities* presents changes in the District's net position during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the District's distinct activities or functions on the revenues provided by the District's taxpayers.

Both government-wide financial statements distinguish governmental activities of the District that are principally supported by taxes and intergovernmental revenues, such as grants, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. The District does not have any funds that would be considered business-type activities. Governmental activities include general government and public safety.

The government-wide financial statements are presented on pages 10 and 11 of this report with condensed comparative statement presented here.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to assist in understanding the differences between these two perspectives.

Budgetary comparison statements are included in the basic financial statements for the general fund and major special revenue funds. These statements and schedules demonstrate compliance with the District's adopted annual appropriated budget.

The basic governmental fund financial statements are presented on pages 12 through 14 of this report. The pension is detailed on pages 15 and 16.

Notes to the Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 17 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information.

Major funds are reported in the basic financial statements as discussed. Individual statements and schedules for non-major funds are presented in a subsequent section of this report beginning on page 35.

Government-wide Financial Analysis

This District implemented the new financial reporting model used in this report beginning with the fiscal year ended May 31, 2006. Over time, as year-to-year financial information is accumulated on a consistent basis, changes in net position may be observed and used to discuss changing financial position of the District as a whole.

The District's combined net position was \$6,478,345, which includes a \$2,007,111 investment in capital assets. The total revenues were \$4,449,879, while the total expenditures were \$4,335,917.

Financial Analysis of the District's Funds

As discussed, governmental funds are reported in the fund statements with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$374,785. Of this yearend total, \$226,663 is unreserved and undesignated, indicating availability for continuing the District's operations. Designated fund balances include: \$143,980 designated for ambulance services, and \$14,142 designated for special revenue funds.

The total ending fund balances of governmental funds show a decrease of \$165,440 from the prior year. There were no Capital expenditures for the year.

Major Governmental Funds

The Corporate and Ambulance funds are the primary operating funds of the District.

The fund balance of the Corporate Fund as of May 31, 2018 was \$226,663, an increase of \$60,592 from the prior year. The Ambulance Fund's fund balance was \$143,980, an increase of \$35,417 from the prior year.

Corporate Fund Budgetary Highlights

The budget stood as adopted.

The corporate and ambulance funds are reported as major funds.

Revenues in the corporate fund were \$2,027,860 which was \$7,921 over budget. Expenditures were \$2,087,268 which was over budget by \$49,911. The fund balance increased to \$226,663 at the end of the year from \$166,071 in the prior year. While there was an operating loss of \$59,408 the gain was due to a transfer of \$120,000 from reserves.

Revenues in the Ambulance fund were \$2,028,623 which was \$840,872 under budget. Expenditures were \$2,083,206 which was under budget by \$392,751. The net budget variance was an unfavorable \$448,121. The fund balance increased to \$143,980 at the end of the year from \$108,563. Like the corporate fund there was an operating loss of \$54,583 with the gain being attributed to a transfer of \$90,000 from reserves.

Capital Assets

The District's investment in capital assets, net of accumulated depreciation as of May 31, 2018 was \$2,221,310. Depreciation expense was \$264,342 and there were no capital assets purchased for the year.

Economic Factors and Next Year's Budget

The District's primary revenue source is property taxes, which represents approximately 87% of total revenue. The Property Tax Extension Limitation Law allows a taxing district to receive a limited increase (5% or the cost of living, whichever is smaller) on the existing property tax rate, plus an additional amount for new construction. The 2017 property tax revenue increased \$132,467 over the prior year for governmental funds.

Factors Bearing on the District's Future

At the time of these financial statements were prepared and audited, the District was not aware of any existing circumstances that would adversely affect its financial health in the near future. To the benefit of the District was the successful passage of the November referendum which passed and increased the tax revenues to the district by about \$1,000,000. This should substantially shore up the District's financial condition.

Note 1 - Summary of Significant Accounting Policies

The Itasca Fire Protection District #1 operates under a Board Manager form of government, providing fire protection and other services to the residents of Itasca.

The accounting and reporting policies of the District included in the accompanying general purpose financial statements conform to generally accepted accounting principles (GAAP) applicable to state and local governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant policies.

(a) Principles Used to Determine the Scope of the Reporting Entity

The reporting entity includes the governing board and all related organizations for which the District is financially accountable.

The District has developed criteria to determine whether outside agencies should be included within its financial reporting entity. The criteria includes, but is not limited to, whether the District appoints a majority of the organization's Governing Board and is able to control the operation, financial benefits are received, or financial burdens imposed.

The District has determined that no other outside agency meets the above criteria; therefore, no other agency has been included as a component unit in the District's financial statements.

(b) Changes in Accounting Method

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. The Itasca Fire Protection District #1 has implemented GASB 34 effective May 1, 2004. As a result, an entirely new financial format has been implemented.

The implementation of GASB 34 adds two "Government-Wide" financial statements as basic financial statements required for all government units. They are the Statement of Net Assets, which presents the financial condition of the government activities of the District at fiscal yearend, and the Statement of Activities, which presents a comparison between direct expenses and program revenues for each program or function of the District's governmental activities.

The reporting model for GASB 34 classifies funds as governmental activities, business activities, or fiduciary funds. Further, all non-fiduciary funds are classified as major or non-major funds. In reporting financial condition and results from operations for governmental units, the new standard concentrates on major funds verses non-major funds.

Both new statements are prepared on the full accrual basis. Previously, in accordance with accounting standards for governmental units, the District used the modified accrual basis of accounting. The modified accrual basis of accounting continues to be the appropriate basis of accounting for the governmental activity fund financial statements.

(c) Basis of Presentation

Government –Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statement distinguishes between governmental and business type activities, when applicable. Governmental activities generally are financed through taxes. Business type activities are financed in whole or in part by fees charged to external parties for goods and services.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues includes charges to residents who use or benefit from goods, services, or privileges provided by a given function, and grants and contributions that are restricted to meeting operational and capital requirements of a particular function. Taxes and other income items that are not specifically related to a function are reported as general revenues.

Separate financial statements are provided for governmental, proprietary, and fiduciary funds, when applicable, even though the latter are excluded from the government- wide financial statements. Major individual government funds are reported in separate columns in the fund financial statements.

Fund Financial Statements

The fund financial statements of the reporting entity are organized into individual funds, each of which is considered a separate accounting entity. The operations for each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures or expenses. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance related legal and contractual provisions.

Funds are organized as major funds or non-major funds within the governmental, proprietary, and fiduciary statements, when applicable. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the entity or meets the following criteria:

- Total assets, liabilities, revenues or expenditures/ expense of the individual governmental fund or enterprise fund are at least ten percent of the corresponding total for all funds of that category or type and
- Total assets, liabilities, revenues or expenditures/ expense of the individual governmental fund or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

Governmental Funds (Governmental Activities)

Governmental fund types are those through which most governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon the determination of changes in financial position, rather than upon net income determination. The following are the District's governmental funds:

Corporate Fund

The Corporate Fund accounts for the revenues and expenditures which are used in providing services in the District except those required to be accounted for in other funds.

Ambulance Fund

The Ambulance Fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Liability Insurance Fund

The liability insurance fund accounts for general liability, worker's compensation and unemployment compensation insurance expenditures. Financing is provided by an unlimited tax levy.

Social Security/Medicare Fund

This fund accounts for non-firemen pension and social security expenditures. Financing is provided by an unlimited tax levy.

Audit Fund

The Audit Fund accounts for the expenditures related to the annual audit of the District's books, records, and accounts. Financing is provided by a limited property tax levy.

Fiduciary Fund

Firemen's Pension Fund

The Firemen's Pension Fund is used to account for assets held in trust for the accumulation of resources to be used for future retirement payments to eligible participants. A separate board of trustees manages the fund. The measurement focus is upon determination of net income and financial maintenance.

(d) Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, both the governmental and business type activities are presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or the economic asset is used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The current financial resource measurement focus and the modified accrual basis of accounting are followed by the governmental funds. Under the modified

ITASCA FIRE PROTECTION DISTRICT #1

accrual basis of accounting, revenues are recognized when susceptible to accrual, i. e., both measurable and available. "Measurable" means the amount of the transaction can be determined, and "available" means due and collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Property taxes, investment earnings, and charges for services are the primary revenue sources susceptible to accrual. The District considers property taxes available if they are due and collected within 60 days after year end. Expenditures are recognized when the related fund liability is incurred, if measurable.

The District reports deferred revenues on its Statement of Net Assets and its Governmental Funds Balance Sheet. For government-wide financial statements, deferred revenues arise from taxes levied in the current year, which are for the subsequent year's operations. For the governmental fund financial statements, deferred revenues occur when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District before it has a legal claim to them. When both the revenue recognition criteria are met, the liability for deferred revenue is removed from the Governmental Funds Balance Sheet and revenue is recognized accordingly.

(e) Measurement Focus

On the government-wide Statement of Net Assets and the Statement of Activities, both governmental and business type activities, where applicable, are presented using the flow of economic resources measurement focus as defined below.

The measurement focus of all governmental and proprietary funds is the flow of current financial resources concept. Under this concept, sources and uses of financial resources, including capital outlays, debt proceeds and debt retirements are reflected in operations. Resources not available to finance expenditures and commitments of the current period are recognized as deferred revenue or a reservation of fund equity. Liabilities for claims, judgments, compensated absences and pension contributions, which will not be currently liquidated using the expendable available financial resources are included as liabilities in the government-wide and proprietary fund financial statements, but are excluded from the governmental funds financial statements. The related expenditures are recognized in the governmental fund financial statements when the liabilities are liquidated.

(f) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/ expenses during the period. Actual results could differ from those estimates.

(g) Budgetary Data

The Board of Trustees follows these procedures in establishing the budgetary data reflected in the general purpose financial statements:

- (1) Within or before the first quarter of each year, the Board of Trustees adopts the annual budget and appropriation ordinance.
- (2) The budget document is available for public inspection for at least thirty days prior to the Board of Trustees public hearing and the passage of the annual budget and appropriation ordinance. The Board of Trustees is also required to hold at least one public hearing on the budget.
- (3) Subsequent to the enactment of the annual budget and appropriation ordinance the Board of Trustees has the authority to make any necessary adjustments to the budget. There were no budget adjustments made during the year.

For each fund, total fund expenditures may not legally exceed the budgeted amounts. All appropriations lapse at year-end.

The budget was prepared on the modified accrual basis of accounting; the same basis used in the preparation of the District's general purpose financial statements.

(h) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditures) until that time. In addition to

ITASCA FIRE PROTECTION DISTRICT #1
Notes to Financial Statements
May 31, 2018

liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

(i) Investments

Investments are stated at cost, which approximates market value. Generally, the institutions in which investments are made must be approved by the Board of Trustees. All investments are made in accordance with Illinois law, which restricts the District to investing funds in specific types of investment instruments. The following are types of permitted instruments which the District has used:

- U.S. Government and U.S. agency obligations guaranteed by the United States
- The Illinois Governmental Cash Investment Fund
- Interest bearing savings accounts, certificates of deposit and time deposits insured by the Federal Deposit Insurance Corporation or fully collateralized

(j) Prepaid Items

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items.

(k) Capital Assets

Capital assets, which include land, land improvements, buildings and improvements, and equipment are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of five years. Assets acquired are reported at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the assets' lives are not

capitalized. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

Buildings	50 years
Vehicles/Equipment	5-20 years
Office Equipment	3-10 years

Fund Financial Statements

In the fund financial statements, fixed assets used in governmental fund operations are recorded as expenditures in the fund from which they are purchased.

The cost of normal maintenance and repairs that do not add value to the asset or material extend asset lives are not capitalized.

(l) Compensated Absences

Under the terms of its union contract and employment agreements, the District's employees are granted vacation and sick pay in varying amounts based on the length of service. Vacation pay is to be taken in the calendar year it is earned. Sick pay can be accumulated and will be paid for employee sickness or upon the employee's retirement with a limitation depending on the length of service. The District has determined that as of May 31, 2018, the sick pay liability and vacation pay liability is \$264,457 for the government-wide financial statements. No current liability is recorded within the Governmental Funds.

(m) Equity Classifications

Government-wide Financial Statements

Equity is classified as net assets and displayed in three components:

- Invested in capital assets – consists of capital assets, net of accumulated depreciation and related debt.
- Restricted net assets – consists of net assets with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or law through constitutional provisions or enabling legislation.
- Unrestricted net assets – consists of all other net assets that do not meet the definition of restricted or invested in capital assets.

Fund Financial Statements

Governmental fund equity is classified as fund balance. Fund balance may further be classified as reserved and unreserved.

Note 2 - Cash and Investments

Illinois Compiled Statutes (ILCS) and the District's investment policy authorize the District to make deposits/invest in insured commercial banks, savings and loan institutions, obligations to the U.S. Treasury and U.S agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services and Illinois Funds (a money market fund created by the State legislature under the control of the State Treasurer that maintains a \$1 share value).

It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety of principal, liquidity and return on investments.

Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral with a fair value of 110% of all bank balances in excess of federal depository insurance with the collateral held by an independent third-party in the District's name.

Investments

In accordance with its investment policy, the District limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within the current period. The investment policy limits the maximum maturity length of investments for non-reserve funds to ten years for mortgage-backed securities and three years for non mortgage-backed securities from the date of purchase. In addition, the

ITASCA FIRE PROTECTION DISTRICT #1
Notes to Financial Statements
May 31, 2018

average maturity for all mortgage-backed securities cannot exceed five years from the date of purchase.

The District limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by requiring investments primarily in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government.

Custodial credit risk for investments is the risk that, in the event of failure of the counterparty to the investment, the District will not be able to recover the value of its investments that are in possession of an outside party. Illinois Funds are not subject to custodial credit risk.

Concentration of credit risk is the risk that the District has a lack of diversification resulting in concentrated risk based on one type of investment. The District's investment policy requires diversification but does not contain specific diversification targets or limits.

Note 3 - Capital Assets

A summary of changes in the general fixed assets follows:

Category	Capital Assets 6/01/2017	Additions	Deletions	Capital Assets 5/31/2018

Total Net Capital Assets	<u>2,485,652</u>	<u>264,342</u>	0	<u>2,221,310</u>

Note 4 - Property Taxes

The District must file its tax levy ordinance by the fourth Tuesday in December of each year. The District's property tax is levied each year on all taxable real property located in the District. The levy becomes an enforceable lien against the property as of January 1.

Property taxes are collected by the DuPage County Collector/ Treasurer who remits to the District its share of collections. Taxes levied in one year become due and payable in two installments on approximately March 1 and September 1 in DuPage County.

The District receives significant distributions of tax receipts in the months of the due dates.

Firefighters' Pension Plan

Plan Descriptions

Plan Administration. The Firefighters' Pension Plan is a single-employer defined benefit pension plan that covers all sworn firefighter personnel. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/4-1) and may be amended only by the Illinois legislature. The District accounts for the Fund as a pension trust fund. The Fund is governed by a five-member pension board.

Plan Membership. At May 31, 2018, the measurement date, membership consisted of the following:

Retirees and beneficiaries receiving benefits	13
Active nonvested plan members	2
Vested Plan Members	<u>18</u>
Total	<u>33</u>

Benefits Provided

The following is a summary of the Firefighters' Pension Plan as provided for in Illinois State Statutes. The Firefighters' Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Covered employees hired before January 1, 2011 (Tier 1), attaining the age of 50 or older with 20 or more years of service are entitled to receive an annual retirement benefit of ½ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75 percent of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a firefighter who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3 percent of the original pension and 3 percent compounded annually thereafter.

NOTE 5 – OTHER INFORMATION – Continued

**EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS –
Continued Firefighters' Pension Plan –**

Covered employees hired on or after January 1, 2011 (Tier 2), attaining the age of 55 or older with 10 or more years of service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the firefighter during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Firefighters' salary for the pension purposes is capped at \$106,800, plus the lesser of $\frac{1}{2}$ of the annual change in the Consumer Price Index or 3 percent compounded. The annual benefit shall be increased by 2.5 percent of such a salary for each additional year of service over 20 years up to 30 years to a maximum of 75 percent of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (i.e., $\frac{1}{2}$ percent for each month under 55). The monthly benefit of a Tier 2 firefighter shall be increased annually at age 60 on the January 1st after the police office retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3 percent of $\frac{1}{2}$ of the change in the Consumer Price Index for the proceeding calendar year.

Contributions. Covered employees are required to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The District #1 is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the District #1 to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the year-ended April 30, 2018, the District #1's contribution was 48.33% of covered payroll.

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation performed, as of May 31, 2018, using the following actuarial methods and assumptions:

Actuarial Valuation Date	6/01/2018
Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	5- Year Smoothed Market Value
Actuarial Assumptions	
Interest Rate	6.50%
Salary Increases	4.25% - 12.70%
Cost of Living Adjustments	2.50%
Inflation	2.50%

Mortality rates are based on the assumption study prepared by Lauterbach & Amen, LLP in 2016. The table combines observed experience of Illinois Firefighters with the RP-2014 mortality table for blue collar workers. These rates are Improved Generationally using MP-2016 Improvement Rates.

Note 6 – Retirement Fund Commitments
(a) Illinois Municipal Retirement Fund

Pension Plan

Plan Description. The employer's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The employer plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute

ITASCA FIRE PROTECTION DISTRICT #1
Notes to Financial Statements
May 31, 2018

and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information (RSI). That report may be obtained On-line at www.imrf.org.

Funding Policy. As set by statute, your employer Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2017 was 16.39 percent. The employer also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost. The required contribution for the calendar year 2017 was \$30,399. (If you made additional payment toward your unfunded amount, add this payment to you monthly contributions, based on payroll and recalculate the percentage of APC contributed.)

Three-Year Trend Information for the Regular Plan

Actuarial Valuation Date	Annual Pension Cost	Percentage of APC Contributed	Net Pension Obligation
12/31/17	30,399	100%	0
12/31/16	35,269	100%	0
12/31/15	32,889	100%	0

The required contribution for 2017 was determined as part of the December 31, 2015 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2015 included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 3.50% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3% annually. The actuarial value of your employer Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The employer Regular plan's unfunded actuarial accrued liability at December 31, 2015 is

ITASCA FIRE PROTECTION DISTRICT #1
Notes to Financial Statements
May 31, 2018

being amortized as a level percentage of projected payroll on an open 26 year basis.

Funded Status and Funding Progress. As of December 31, 2017, the most recent actuarial valuation date, the Regular plan was 29.90 percent funded. The actuarial accrued liability for benefits was \$351,049 and the actuarial value of assets was \$104,977, resulting in an under-funded actuarial accrued liability (UAAL) of \$246,072. The covered payroll for calendar year 2017 (annual payroll of active employees covered by the plan) was \$185,474 and the ratio of the UAAL to the covered payroll was 133 percent.

The schedule of funding progress, presented as required supplemental information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

SCHEDULE OF FUNDING PROGRESS

<u>Actuarial Valuation Date</u>	<u>Actuarial Value of Assets (a)</u>	<u>Actuarial Liability (AAL)-Entry Age (b)</u>	<u>Unfunded AAL (UAAL) (b-a)</u>	<u>Funded Ratio (a/b)</u>	<u>Covered Payroll (c)</u>	<u>UAAL as a Percentage of Covered Payroll ((b-a)/c)</u>
12/31/17	104,977	351,049	246,072	29.90%	185,474	132.67%
12/31/16	214,790	495,278	280,488	43.37%	208,691	134.40%
12/31/15	163,871	434,988	271,117	37.67%	202,517	133.87%

On a market value basis, the actuarial value of assets as of December 31, 2017 is \$137,108. On a market basis, the funded ratio would be 39.06%.

The actuarial value of assets and accrued liability cover active and inactive members who have service credit with Itasca Fire Protection District. They do not include amounts for retirees. The actuarial accrued liability for retirees is 100% funded.

ORDINANCE NO. 89-2

ORDINANCE OF THE ITASCA FIRE PROTECTION
DISTRICT NO. 1 ESTABLISHING A FIRE MUTUAL AID RESPONSE

WHEREAS, all parties have been participating in the Mutual Aid Box Alarm System (MABAS) to provide for communication of said protection of life and property from an emergency or disaster; and

WHEREAS, an ad hoc committee has revised the existing MABAS contract to address the dynamics of change that have impacted upon the fire service since the original contract; and

WHEREAS, the Constitution of the State of Illinois, 1970, Article VII, Section 10, authorizes units of local government to contract and otherwise associate among themselves in any manner not prohibited by law or ordinance; and

WHEREAS, the Illinois Revised Statutes, 1985, Chapter 127, Section 741 et seq., entitled the "Intergovernmental Cooperation Act", provides that any power or powers, privileges or authority exercised or which may be exercised by a unit of local government may be exercised and enjoyed jointly with any unit of local government; and

WHEREAS, the parties hereto have determined that it is in their best interests to enter into this Agreement to secure to each the benefits of mutual aid in fire protection, firefighting, and the protection of life and property from an emergency or disaster; and

WHEREAS, the purpose of said organization is to establish procedures to be followed in an emergency situation that threatens or causes loss of life and property and exceeds the physical and organizational capabilities of a single unit of local government; and

WHEREAS, the President and the Board of Trustees of the Itasca Fire Protection District No. 1 after due investigation have determined that membership in said organization will benefit the residents of said Village.

NOW, THEREFORE, BE IT ORDAINED by the Board of Trustees of the Itasca Fire Protection District No. 1, DuPage County, Illinois that the President and the Secretary of this District be and are hereby authorized to execute an Agreement for participation in the Mutual Aid Box Alarm System, a copy of said Agreement being attached hereto and being made a part hereof.

AUTOMATIC FIRE MUTUAL AID AGREEMENT
BETWEEN THE WOOD DALE FIRE PROTECTION DISTRICT,
ILLINOIS AND THE ITASCA FIRE PROTECTION DISTRICT, ILLINOIS.

In accordance with Chapter 24, Section 11-6-1 of the Illinois Revised Statutes, which empowers Municipalities and Fire Protection Districts to enter into "Mutual Aid Agreements", and in accordance with the MABAS agreement entered into by the Wood Dale Fire Protection District and the Itasca Fire Protection District in 1973, renewed in 1989, the Wood Dale Fire Protection District and the Itasca Fire Protection District agree to provide automatic aid to each other on structural fire alarms, explosions, vehicle fires inside of a structure, possible structure fire or confirmed structure fire:

GENERAL CONDITIONS

1. Equipment responding on an automatic response to the other community shall have a minimum of two (2) fire department personnel.
2. Only one (1) unit from the fire department providing aid shall be required to respond at any one time. In the event that the unit due is unavailable (i.e., out of service, committed to another call), no back-up unit from another station shall be required to respond.
3. At all times, the district within which the emergency exists will be in charge and responsible for the operations at the emergency scene. If an automatic aid unit is first on the scene, the company officer shall exercise his/her discretion as to the appropriate action to be taken. Upon the arrival of a company officer from the community having jurisdiction, command of the emergency scene shall be transferred in a smooth and efficient manner to the fire department whose district in which the emergency exists.
4. Each district shall be responsible for providing a communications system which will allow apparatus to apparatus communications; while enroute and while on the scene.
5. Each district agrees to provide and participate in monthly CO-OP training between the two (2) fire protection districts.
6. Each district agrees that the general provisions of the "MUTUAL AID AGREEMENT" apply to this agreement, except as modified by this agreement.
7. Each district agrees to waive all claims against the other party for compensation for any loss, damage, personal injury or death occurring as a result of performance in conjunction with this agreement. General liability insurance, personal injury insurance, and property/vehicle insurance shall be the responsibility of each individual district.

RESPONSE AREA

I. The Wood Dale Fire Protection District agrees to provide the Itasca Fire Protection District; subject to the provisions of paragraph two (2) of the general conditions of this agreement;

A. One (1) engine company to the following area:

1. All response areas within the boundaries of the Itasca Fire Protection District.

II. The Itasca Fire Protection District agrees to provide the Wood Dale Fire Protection District; subject to the provisions of paragraph two (2) of the general conditions of this agreement;

A. One (1) engine company to the following area:

1. Response area North of the railroad tracks.

B. One (1) truck company to the following area:

1. Response area South of the railroad tracks.

Minor modifications to the above response area (s), as well as the vehicles assigned, may be made without further modification to this agreement. However, said modifications must be mutually agreed upon, by the two (2) respective Fire Chiefs.

TERMINATION OF AGREEMENT

Either the Wood Dale Fire Protection District or the Itasca Fire Protection District may terminate this agreement by notifying the Fire Chief of the other Fire Protection District, in writing, sixty (60) days from the date of written notice.

TERM OF AGREEMENT

This agreement shall be effective as of the 15th day of March, 1994 and shall continue in full force until terminated by either party.

Access to Treatment

Haymarket Center
HOPE STARTS HERE

With substantial numbers of opioid-related overdoses and deaths, access to treatment in DuPage County is very limited.

Outside of hospitals, there are no medically monitored withdrawal management (detoxification programs), and only limited availability of residential substance use care – especially for residents whose personal or family resources have been exhausted.

DuPage residents needing these levels of care often must leave the County to secure care.

In 2017 and 2018 Haymarket's West Loop facility provide treatment to more than 2,000 residents from DuPage, Will, Lake and Kane Counties.

Haymarket DuPage Proposal

Haymarket has applied for zoning approval for a not-for-profit health care facility at the site of the current Holiday Inn.

Haymarket is a private, not-for-profit health care facility, devoted primarily to the diagnosis, treatment, and recovery support for unrelated persons disabled by substance use and mental health disorders who voluntarily seek care. Services will include inpatient, outpatient and recovery programming. Patients will be admitted for overnight stay or longer in order to obtain needed medical care.

Haymarket DuPage is One Primary Use

Haymarket is a health care facility; it is not a “residential use” as defined by Staff.

The word “residential” has a different definition in the treatment setting as defined by State licensure, as opposed to the definition in most zoning ordinances, including Itasca’s.

- “Residential” in the treatment context means patients are provided health care treatment onsite in a clinical or hospital-like environment for a variable length of stay.
- A “residential” treatment program consists of a comprehensive array of elements that treat both the body and the mind, for example, counseling, group therapy, and psychoeducational sessions.

Recovery Home Care Is Not a Residential use

- Recovery Home Care provides uninterrupted clinical care to patients
- Recovery Home Care is only available to patients diagnosed with substance use disorders
- Recovery Home Care rooms are not dwelling units (no kitchens)

Demonstrated Need for Haymarket DuPage

Substance Abuse Facilities (DuPage County)

Substance Abuse Facilities (Itasca Vicinity)

Existing Treatment Facilities in DuPage

DuPage Health Coalition reports:

“DuPage County is second only to Cook County in the number of residents who needed alcohol or substance abuse treatment last year and didn’t get it; more than 57,000 residents went without the recovery services they needed (DHS).”

Source: IDHS Directory and SAMHSA Treatment Locator, <https://findtreatment.sahhsa.gov/locator>

Existing Treatment Facilities in DuPage

Staff states approximately 40 substance abuse facilities are within a 10-mile service area to combat the need for Haymarket DuPage.

Most provide DUI services or outpatient programs. Only two Inpatient (Residential) Substance Use Disorder facilities are located in DuPage County:

1. Cornell Interventions, Woodridge
2. Serenity House Counseling Services, Inc., Addison

These provide a total of 39 Medicaid beds, which have restrictions.

Haymarket's Continuum of Care

Village Staff's review of the continuum of care improperly concludes that Haymarket's proposal consists of more than one primary "use."

This Is Not True

The continuum of care is one primary use under the zoning designation "health care facility" which is permitted as a special use in the B-2 zoning district.

Haymarket Stands Alone in Providing Treatment

Haymarket DuPage will provide the following services which correspond to levels of care licensed by the Division of Substance Use Prevention and accreditation by the Commission on Accreditation of Rehabilitation Facilities, all of which would be listed in an updated directory of State-licensed treatment centers.

- Level 1 Adult
- Level 2 Adult
- Level 3.2 Withdrawal Management
- Level 3.5 Adult
- Level 3.7 Withdrawal Management Adult
- Recovery Home Care

Continuum of Care – Levels of Treatment

Assessment/Diagnosis

Clinically Managed Residential Withdrawal Management

- Stays of 3-5 days
- Staffed with Illinois Certification Board-Certified Counselors, 24 hours per day, 7 days per week, 365 days per year.

Medically Monitored Withdrawal Management

- Stays of 3-5 days
- Staffed with nurse practitioners or physician assistants, registered nurses and/or licensed practical nurses 24 hours per day, 7 days per week, 365 days per year. Additional staff includes Illinois Certification Board-Certified Counselors.

Clinically Managed High-Intensity Residential Substance Use Disorders Treatment

- Stays vary depending on individually assessed need - 7, 14, 28 or 90 days
- Staffed with registered nurses or licensed practical nurses and Illinois Certification Board-Certified Counselors or Licensed Counselors at least 40 hours per week and with additional program staff 24 hours per day, 7 days per week, 365 days a year.

15

Continuum of Care – Levels of Treatment

Intensive Outpatient Substance Use Disorder Treatment

- Minimum 9 hours/week of structured treatment
- Staffed with Illinois Certification Board-Certified Counselors or Licensed Counselors and with case managers

Outpatient Substance Use Disorder Treatment

- Less than 9 hours/week of structured treatment
- Staffed with Illinois Certification Board-Certified Counselors or Licensed Counselors and with case managers

16

Continuum of Care – Levels of Treatment

Recovery Home Care (77 Ill.Adm.Code Rule 20.60)

- Average stay 90 days, but may be up to 365 days
- Staffed 24 hours/day, 7 days/week, 365 days/year with Illinois Board-Certified Counselors
- Continued medical monitoring for individuals on medications
- Separate programs for men and women
- Peer-led groups, staff activities, and/or other structured operations are directed toward maintenance of sobriety for persons who exhibit treatment resistance, relapse potential and/or lack of suitable recovery living environments or who have recently completed substance use treatment services or who may be receiving such treatment services at this or another facility

Haymarket's Enhanced Services

- Childcare for children to age 5 where necessary to facilitate treatment of mothers
- Parenting education
- Fatherhood programming
- GED preparation classes
- Job readiness training and job placement services
- Health education
- Links to care and care coordination for individuals with chronic health conditions

Haymarket's Medical Services

- On site primary care medical clinic available to all in treatment at Haymarket DuPage
- Psychiatry and psychological services (both clinical groups and individual counseling) available throughout the Facility for patients with co-occurring mental disorders. Services will also include telepsychiatry.

Patients whose medical needs exceed the capacity of the medical clinic, or who have their own physicians, will be transported by Haymarket staff to other medical care.

Emergency Services – 911 Calls

Haymarket has conducted an evaluation of emergency services calls to the West Loop facility.

Information regarding the analysis will be presented by James Baldwin, Haymarket Center's Chief Financial Officer.

Haymarket DuPage Emergency Services

Haymarket has contracted with a private ambulance service to handle almost all of Haymarket's emergency service needs in Itasca.

- Types of calls handled: Advanced Life Services (ALS) and Basic Life Services (BLS)
- Itasca Fire Protection District or its mutual aid agreement partners' emergency resources will only be used in the event of an extreme emergency where their ambulance is available and able to respond faster than the private ambulance.

21

About the Private Ambulance Service

- Second largest ambulance company in the State of Illinois, with 140 ambulances
- Staging of ambulances at 355/Thorndale; 355 / Army Trail, 355 / Butterfield
- Response time less than 20 minutes; most 10 minutes
- Company currently serves Clients in:
 - Itasca – Forestview Nursing and Rehab
 - Glendale Heights - Glen Oaks Hospital
 - Roselle - Streamwood Behavioral, Abbington House
 - Bloomingdale - Alden Valley Ridge, Alden Village, Alden Gardens, West Suburban Care Center, Sunrise
 - Carol Stream - Belmont Village, Windsor Park
 - Elk Grove Village - Manor Care, Alexian Village
 - Hanover Park - Symphony

22

Why Here?

- Village Zoning allows a health care facility
- Located in a business (non-residential) zoned area
- Location appropriate for the target service area
- Proximity to hospitals (ex. AMITA Health)
- Building layout and design supports comprehensive programming
- Accessibility to public transportation
- Property and Improvements are:
 - Available at acceptable price
 - Building is virtually turn-key

25

Why Not Somewhere Else?

Detailed evaluation of the DuPage County real estate market established that the Holiday Inn property best suits the needs of Haymarket and the population it seeks to treat.

Why Not Wheaton?

The former medical facility in Wheaton which Haymarket hoped to secure zoning for to provide a 16-bed facility is too small for the current proposed facility. However, the Wheaton site was a premier location for the 16-bed facility for many of the exact reasons the Holiday Inn is a premier location for the current proposal.

26

No Increase in Traffic or Parking

Professional traffic analysis has been conducted that establishes that Haymarket DuPage in Itasca will not have any impact on existing traffic in the area, and that available parking is ample to meet Facility needs.

Stigma Associated With Our Patients

U.S. Surgeon General Vice Admiral Jerome M. Adams:

Stigma is the #1 killer of people suffering from substance use disorders.

“Addiction is a chronic disease, not a moral failing. We have evidence-based treatment that works...We have to let all of America know that recovery is possible.”

“[S]tigma keeps people in the shadow and prevents them from getting help.”

Real Comments About This Project

"I do not live here to have children exposed to **Abnormal behavior** if so I would have stayed in Chicago. There's enough crime and fear in a metropolitan area DO WE NEED TO ADD to IT in our small town?"

"To deny the fact that drug problems start at Peacock as well as all primary schools in Dupage and carry on through adulthood is naïve. We don't need anymore negative influences on our children as well as **vagrants and panhandlers** every time we want to go to the post office or take Metra to work."

29

Real Comments About This Project

"This facility would be located extremely close to child centric, public sections of Itasca. The nature of the facility is such that it attracts the **criminal element** into the community. Anyone saying differently has not researched the fata that's out there or met someone who has first hand experience with these elements."

30

Real Comments About This Project

“THE WALKING DISTANCE FROM OUR TRAIN STATION TO THE HOLIDAY INN IS ONLY ¾ OF A MILE. FOR MOST PEOPLE THIS WOULD BE A NICE 20-MINUTE WALK ON A CONCRETE SIDEWALK, YEAR-ROUND. WHAT THAT MEANS IS THAT A LARGE “VARIETY” OF PEOPLE IN CHICAGO COULD BOARD A TRAIN TO ITASCA; AND THEN, TAKE A LEISURELY 20-MINUTE WALK TO THE HOLIDAY INN.”

11

Real Comments About This Project

“Do you really want Chicago’s **drug addicts** in your city?”

“I don’t want it in my neighborhood not with schools, pools, and a lot of other places where kids hang out. I have a two year old I don’t want this **crap** take it somewhere else.

12

Real Comments About This Project

“There is nothing you can say that justifies this crack house being brought to Itasca nothing and thats what it is a **CRACK HOUSE!!!!** ...Safety will no longer be an option with these **unstable individuals** and their drug dealers walking around our town.”

“It’s not just Itasca, this whole area will become a **ghetto** – is this what we want for our kids – really? We’re all crazy about being environment friendly and going green, but we should be ok with turning our towns and schools into ghettos? You people better wake up!!!”

Haymarket DuPage Will Not Have a Negative Effect on Property Values

Haymarket Center
HOPE STARTS HERE

Market analysis of locating Haymarket DuPage in Itasca concludes:

- Detailed studies of similar uses indicates that the proposed use of the subject property would have no impact on the existing residential uses which are located a substantial distance from the Haymarket site and are separated by major roadways or commercial uses.
- Review of similar uses in the area and market data research indicates no significant impact on property values would result from the proposed use of the subject.
- The loss of tax revenue, which revenue is never guaranteed, would have little impact on individual properties in the vicinity of the Haymarket site and may be offset by benefits from the presence of the health center and grants.

More on this will be presented by a Haymarket consultant.

35

Importance of Turn-Key Opportunity

Haymarket Center
HOPE STARTS HERE

Haymarket is a not-for-profit with a focus on patient treatment. As such, it actively works to conserve its funds for treatment.

Hotel Acquisition – Perfect for Medical Facility

- Saves approximately \$1 million on beds and bedding
- Eliminates the requirement of building a commercial kitchen
- Eliminates the need for costly internal conversion

36

INTERIOR CHANGES

INTERIOR CHANGES

Planned Interior Renovations

- 240 patient beds planned
- Room numbers reduced to create:
 - Group counseling rooms
 - Clinical and medical staff offices
 - Nurses stations
- Expand the recreation center
- Fill in the pool to establish a primary care clinic

Patient Treatment Rooms

- No changes to any existing Holiday Inn guest rooms
- No kitchen facilities in any patient rooms
- Patients, all unrelated to one another, will be double-occupancy
- Required number of rooms will be ADA compliant

About Our Patients

Haymarket patients want treatment. They come from:

- Individual and family search for treatment
- Family and Friend referral
- Church referral
- Social Service Provider referral
- Hospital referral
- Police referral

Haymarket DuPage patients will primarily come from DuPage and collar counties

About our Patients

Patient Identity

- Purely voluntary
- No violent offenders
- No patients with sex offenses or charges
- Will be dropped off at Facility by friends, family members, police, first responders, and by self transport (walk, bike, mass transit)

About our Patients

Abstinence

- All patients are expected to remain abstinent from alcohol/illicit drugs at all times. If a patient is discovered with alcohol/illicit drugs on premises, they may be immediately safely discharged

Search/Screening

- All patients are subject to search as a condition of admission and upon return from any outside appointments. Material searches may be conducted throughout the facility, by methods which may include inspection of personal effects or property by means of visual, canine or metal detection.
- All patients are subject to a minimum of two random toxicology screens per week. All patients in residential treatment or withdrawal management programs submit to instant urine testing following their return to Haymarket DuPage after any time away. Failure to pass a screening may lead to immediate safe discharge, with Haymarket staff transporting them from Haymarket DuPage.

17

About our Patients

Possession Screening

- Upon entry a patient's personal property will be searched by security
- Packages/envelopes/personal belongings will be subject to search
- While in primary inpatient treatment, no bags, including purses, shopping bags, backpacks and/or messenger bags are allowed in other than patient rooms

Recovery Home

- Staff accepts, opens and inspects all items not previously searched by security, including mail, postal or other delivery services prior to giving items to patients

Out-Patient Units

- All out-patients shall be subject to a search

18

Inpatient Treatment General Rules

- No new or additional items will be accepted to the Facility after admission
- Visits are restricted to approved times and areas
- Date/time monitored passes to leave the Facility are allowed for necessary medical appointments. Verifiable documentation of the appointment is required upon return.
- No cell phones, cameras, radios, or televisions are allowed in primary inpatient treatment programs
- In the event anyone wishes to leave the Facility before treatment concludes, staff will attempt a clinical intervention to persuade the patient to remain in treatment. If the patient continues to desire to leave treatment he/she will be driven home or to a referred location.

About Our Staff

- Medical
- Clinical
- Program Support
- Administrative
- Security
- Housekeeping
- Janitorial
