RE: Letter of Support

Dear Mr. Lusting:

As the Single State Authority (SSA) for substance use disorders (SUD), the Illinois Department of Human Services/Division of Substance Use Prevention and Recovery (IDHS/SUPR) is charged with designing, coordinating, and funding a system of care along with the continuum of prevention, intervention, treatment, and recovery support through which individuals with SUD, those in recovery, and those at risk are valued and treated with dignity. IDHS/SUPR strives to eliminate stigma, accompanying attitudes, discrimination and other barriers to recovery.

On behalf of IDHS/SUPR, I am pleased to provide this letter of support for Haymarket Center's new rehabilitation center in Itasca, IL. Haymarket Center's substance use disorder treatment and intervention licensed facilities have and continue to meet the required standards to deliver substance use disorder treatment and intervention services in Illinois. In addition, Haymarket Center is currently not under investigation due to client complaints or in the process of addressing compliance violations.

If you have any questions regarding Haymarket Center's licenses or compliance with IDHS/SUPR's regulations please contact Laura Garcia, Deputy Director of Bureau of Licensure, Compliance, and Monitoring (312) 814-2294.

Sincerely,

Danielle L. Kirby

Director

Division of Substance Use Prevention and Recovery (SUPR)
