

SUBSTANCE USE DISORDERS ACCESS TO CARE

Haymarket Center
HOPE STARTS HERE

20.3 MILLION AMERICANS

had a Substance Use Disorder (SUD) in 2018¹

The demographics now cut across sex, race, age and education levels.²

74%

of those suffer from an Alcohol Use Disorder. Excessive alcohol use results in 88,000 deaths per year.¹

38%

of those suffer from a Substance Use Disorder. 100 people die every day in America from drug overdoses. This rate has tripled in the past 20 years.¹

46%

Nearly half of all Americans have a personal connection to someone struggling with alcohol or drugs.²

8.7 MILLION CHILDREN

nationwide have a parent who suffers from a substance use disorder.³

ACCESS TO LIFE-SAVING TREATMENT IS URGENTLY NEEDED.

In 2018, 18.9 million Americans needed treatment.⁴

In Illinois only 5% with alcohol use disorder and 11.7% with a substance use disorder received treatment.⁵

U.S. OPIOID CRISIS ESCALATING

Nearly 72,000 Americans died from drug overdoses in 2019, up 5% over 2018 for a new record.⁶

Americans are now more likely to die due to an opioid overdose than in a motor vehicle accident.

EXPANDING ACCESS TO LIFE-SAVING CARE

Haymarket Center
HOPE STARTS HERE

Haymarket Center is one of the region's largest and most comprehensive providers of treatment for substance use disorders and mental health conditions. Founded in 1975 by Monsignor Ignatius McDermott and Dr. James West, Haymarket Center is a fully accredited non-profit organization that annually serves over 12,000 individuals from across Illinois.

Our individualized care ranges from outreach through recovery, adapted to suit each patient and their unique needs.

Our services go far beyond the scope of most treatment programs, including:

- Evidence-based, comprehensive interventions
- Medication Assisted Treatment (MAT)
- Psychiatry & counseling
- Recovery living
- Parenting classes
- GED courses & job placement
- Partnerships that assure care coordination
- Recovery coaching

Treatment that Works

An independent evaluation of a federally-funded recovery coaching program at Haymarket showed outstanding outcomes:

Haymarket DuPage

What is proposed for Haymarket DuPage?

The full continuum of substance use and mental health treatment for adults 18 and over would be available on site at the proposed behavioral health clinic, located in Itasca at the former Holiday Inn on the west side of Interstate 290 at Irving Park Road.

Why DuPage County?

From 2015-2019, 418 people died in DuPage County from an overdose and 762 overdoses were reversed by the DuPage Narcan Program. As overdose fatalities and reversals continue to rise, so does the demand for our services.

Nearly 2,000 men and women from DuPage and the collar counties were patients at Haymarket clinics in 2017-2018.

Why this location?

The building is easily accessible for individuals seeking services, located adjacent to a business park with ample parking and surrounding green space.
